

## Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how tedious it will really be to tidy up your home after having a large party, without assistance from cleaning machines. Back in the day, the time carpets and upholstery had the dirt beat out of them by hand; cleaning cloths, brushes and brooms were the best cleaning materials of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in 1906, he started to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the start was to have an international business advertising merchandise worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by a single individual. This invention came in a time where other cleaning equipment were huge and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an existing problem; things get dirty and must be cleaned regularly, without too much effort.

Gradually but steadily, Nilfisk-Advance developed throughout the years. During the 1980s, this development truly took place the time the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the leading global players in the market of professional cleaning equipment. Nilfisk-Advance is currently represented in every part of the world by steadily acquiring many smaller companies to be able to expand their product portfolio and presence in new markets. They are really proud to present different cleaning solutions to meet every requirement.
