

Forklift Electrical Parts

Forklift Electrical Parts - Lift trucks can be purposely marked to be utilized in dangerous places. A labeled truck indicates the design has met the minimum requirements of ANSI/UL 558 for engine powered lift trucks or ANSI/UL 583 for electric trucks for the type of label put.

Applications for labeled lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance provider and Fire Marshall for additional information on the approved uses of industrial powered lift trucks in your application.

If the forklift has been found to meet the outlined criteria, the following labels can be put. A marked truck would have the type designation put on the forklift nameplate and would have one of the following labels attached.
